GOLDFIELDS ESPERANCE

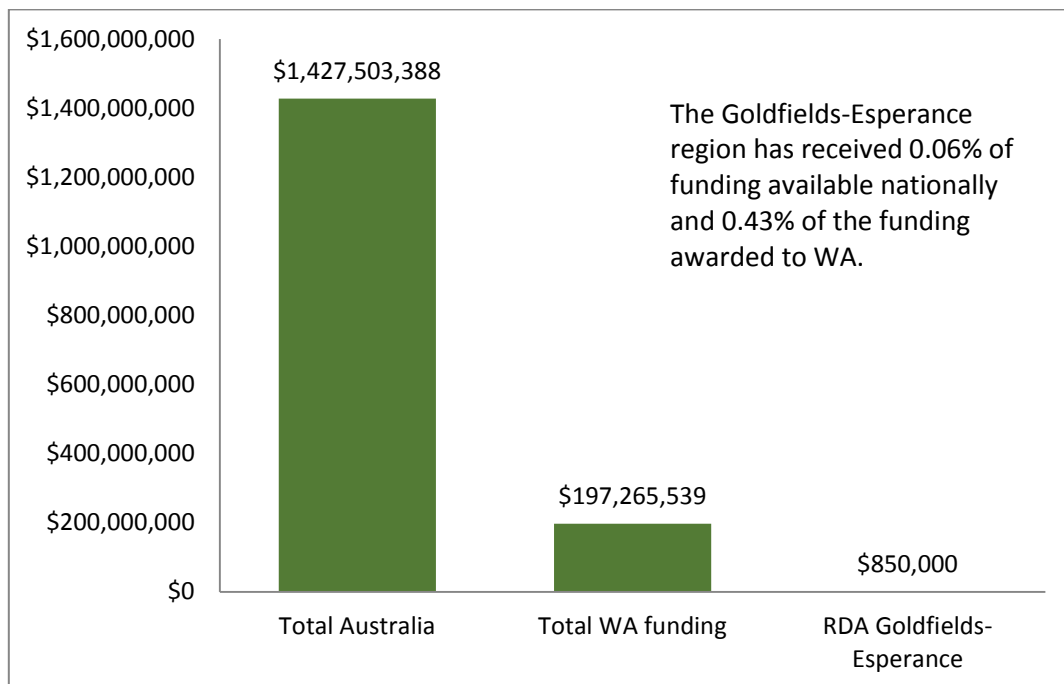

## FEDERAL BUDGET UPDATE: Building Better Regions Fund

Following the success of the first round, a further \$200 million has been allocated to deliver a third round of the **Building Better Regions Fund (BBRF)**.

In order to improve our regional success rate through competitive federal funding programs, **RDA Goldfields-Esperance is seeking EARLY expressions of interest** from regionally based organisations with a project that meets the BBRF criteria and will be competitive across the 4 assessment criteria.
